

Retailers and customers in Sheffield come across people who are homeless or begging most days but are not always sure how to help.

Help Us Help is a collaboration between services who support those who may find themselves homeless or begging. Many have complex needs and Sheffield services have the experience to address these issues.

Through the support of Sheffield BID and the managers of the Sheffield Christmas Markets, the Sheffield City Centre Retail Forum decided to take action. Our Christmas Cabin sees retailers joining forces with Help Us Help to spread the message about how members of the public can help to make a difference to those who live on the streets or beg.

How you can help:

- Inside is a shopping list of essential items that our local charities have asked for.
- Purchase items from the shopping list and drop off at any of the locations detailed overleaf (from Thursday 21st November to Sunday 1st December).

If you miss the deadline and would like to support a Sheffield charity, please contact them directly to find out what they are most in need of.

We will distribute all donations on Monday 2nd December. You can check how your donations have helped and how much was raised by visiting our website.
